

- 1 Introduction
- 2 How to Attain Zero Failure Performance
- 3 General Feature of Failures
- 4 Investigation of Failures
- 5 Degradation Processes (Mechanical)
- 6 Degradation processes (Electrical)
- 9 Shaft or Axle Failures
- 10 Ball and Roller Bearing Failures
- 12 Failures of White Metal Bearings of Electric Locomotives
- 13 Flat Belt Failures
- 14 Vee-belt Failures
- 15 Pulley Failures
- 16 Gear Failures
- 7 Split Pin and Cotter Failures
- 8 Threaded Fastener Failures
- 11 Sleeve Bearing Failures
- 17 Steel Wire Rope Failures
- 18 Spring Failures
- 19 Gasket Failures
- 20 O-ring and U-ring Failures
- 21 Rubber Hose Pipe Failures
- 22 Pipe and Tube Failures
- 23 Compressed Air Valve Failures
- 25 Fluid Filter Failures
- 26 Compressed Air Motor Failures
- 27 Air Compressor Failures
- 28 Vacuum Brake Failures on DC EMUS
- 29 Fan and Blower Failures
- 30 Thermal Cracks on Motor Coach Tyres
- 31 Structural Member Failures
- 32 Crimped Socket Failures
- 33 Wire and cable Failures
- 34 Insulated Wire Failures
- 36 Multicore Coupler Failures
- 37 Knife Switch Failures
- 39 Terminal Board Failures
- 24 Failures of Compressed Air Operated Equipment
- 35 Auxiliary Motor Cable Failures
- 38 Parallel Clamp Failures
- 40 Capacitor Failures
- 41 Resistor Failures
- 42 Potentiometer Failures
- 43 Contact Failures
- 44 Relays Failures
- 45 Failures of Fuses and Miniature Circuit Breakers
- 46 Bus-bar Failures

- 47 Failures of Lead Acid Batteries
- 48 Failures of Incandescent Lamps
- 49 Insulator Failures
- 50 Solenoid Failures
- 51 Failures of Carbon Brushes and Commutators
- 52 Commutator Connection Failures
- 53 Commutator Failures
- 54 Failures of Rotor of Armature Coils in dc Machines
- 55 Failures of Stator Coils in Rotating Machines
- 56 Starting Resistor Failures
- 57 Tapchanger Connection Failures
- 58 Electrical Machine Failures due to Ventilation Problems
- 59 Power Transformer Explosions
- 60 Failures of OHE Regulating Equipment
- 61 Minimum Oil Circuit-breaker Failures
- 62 Line Breaker Failures
- 63 Squirrel Cage Failures in Asynchronous Motors
- 64 Failures of Mush Wound Stator Windings
- 65 Pantograph OHE Entanglements
- 66 Failures and Accidents in Chemical Plant
