

Table of contents

- **Tables**
- **Preface**
- **Chapter 1 Introduction General**
- **Chapter 2 Structural Basics General Loads & Forces Structural Systems**
- **Chapter 3 Wood General Beams Floor & Roof Systems Columns Bracing Connections**
- **Chapter 4 Steel General Beams Trusses Floor & Roof Systems Columns Bracing Connections**
- **Chapter 5 Concrete General Beams Floor & Roof Systems Columns Walls Bracing Connections Footings**
- **Chapter 6 Masonry General Nonreinforced Masonry Reinforced Masonry Earth Construction**
- **Chapter 7 Other Structure Aluminum Plastic Fabric Structures Seismic Design**
- **Chapter 8 Design General Land Use Access Drives Excavation Circulation Occupancies Opening Areas Color Composition Plan Geometry Fire Safety Accessibility Waste Handling Computer-Aided Design Appendix Useful Formulas Derivation of Formulas Index**
