

- Preface
- Numerals 1G (First-Generation)
- Networks 2G (Second-Generation)
- Networks 2.5G
- Networks 3G (Third Generation) 2-Tier 3-Tier
- Data Rates and Capacities
- Display Technology
- Frequencies Miscellaneous
- Significant Years/Dates Symbols and Common Syntax
- A Access Applications Computers/Software Miscellaneous Acronyms
- B Base Station Controller Billing Bluetooth Broker BSS Protocols Computers/Software Miscellaneous Acronyms
- C cdma One Cdma 2000 Charge Mechanisms Classification of GPRS Handsets Computers/Software Miscellaneous Acronyms
- D D-AMPS Data DCT Digital Multimedia Discovery (Jini) Computers/Software Miscellaneous Acronyms
- E E-business EDGE (Enhanced Data Rate for GSM Revolution) EGPRS (Enhanced General Packet Radio Service) EVRC (Enhanced Variable-Rate Codec) Computers/Software Miscellaneous Acronyms
- F FDD (Frequency Division Duplexing) Fiber Channel Firewall FMA (FRAMES Multiple Access) Fraud Frequency Frequency Hopping Computer/Software Miscellaneous Acronyms
- G GPRS GPS (Global Positioning System) Graphics GSM Computers/Software Miscellaneous Acronyms
- H Handovers HSCSD Computers/Software Miscellaneous Acronyms
- I I-Mode Internet IP Address IP Mobile Networks ISDN Computers/Software Miscellaneous Acronyms
- J Java Java Beans Java Script Java Spaces Jini Computers/Software Miscellaneous Acronyms
- L Layers Leasing Local Multipoint Distribution Service (LMDS) Location Services Lookup Services Computers/Software Miscellaneous Acronyms
- M Macromedia Flash Player 4 for Pocket PC Microwave Radio Mobile Network Mobile Satellite Service (MSS) MPEG Multimedia Messaging Service Computers/Software Miscellaneous Acronyms
- N Network Design and Deployment Network Reference Model Networks Nonaccess Stratem Computers/Software Miscellaneous Acronyms
- O OFDM Offset Quadrature Phase-Shift Keying Open Loop Power Control Operating Systems Optic Fiber OSI (Open System Interconnection) Computers/Software Miscellaneous Acronyms
- P Paging (UTRAN) PCM Physical Channel--UMTS Protocol Stacks Computers/Software Miscellaneous Acronyms
- R Radio Radio Frequency Spectrum Allocation Reverse Physical Channels (Cdma2000) RF Propagation Models Computers/Software Miscellaneous Acronyms
- S Satellite Communications Security--UTRAN Sigtran Protocol SMS (Short Message Service) SS7 SSL (Secure Sockets Layer) Protocol Computers/Software Miscellaneous Acronyms

- T TCP/IP--Transmission Control Protocol TDMA Telephone Towers Traffic Channels (CDMA) Computers/Software Miscellaneous Acronyms
- U UMTS (Universal Mobile Telephone Service) UMTS Core Network Architecture UMTS Network Architecture UMTS Terrestrial Radio Interface Computers/Software Miscellaneous Acronyms
- V Video Videoconferencing Voice over IP (VoIP) Voice and IP Mobile Networks Voice Encoding Computers/Software Miscellaneous Acronyms
- W WAP (Wireless Application Protocol) WAP Gateway Wideband CDMA (WCDMA) Wideband CDMA Air Interface Wireless Markup Language WLAN (Wireless LAN) Computers/Software Miscellaneous Acronyms
- Index
