

- **Preface**
- **Using NeuroLab**
- **Part 1 Neural Mechanisms**
- **The study of the brain**
- **Communication within neurones**
- **Communication between neurones**
- **Part 2 Sensory functions**
- **Skin sense**
- **Proprioception**
- **Hearing**
- **Vision**
- **Smell and taste**
- **Part 3 Motor functions**
- **Types of motor control**
- **Local motor control**
- **The control of posture**
- **Global motor control**
- **Part 4 Higher functions**
- **Recognition and memory: cerebral cortex**
- **Motivation and behaviour**
- **Index**
