

# Table of contents

- Part 1 Introduction
- SI systems
- Exam questions
- Part 2 Mechanics
- Mass, density and volume
- Force
- Friction
- Moments
- Stress and Strain
- Frameworks
- Bending
- Torsion
- Motion
- Centripetal and centrifugal action
- Simple harmonic motion
- Energy
- Part 3 Thermofluids
- Introduction
- Pressure
- Heat
- Gas laws
- S F E E
- Fluids
- Part 4 Systems
- System modelling
- Instrumentation
- Tools and equipment
- Part 5 Chemistry
- Electrochemistry
- Materials
- Part 6 Basic Electricity
- Index
