

## Table of Contents

- Acknowledgments
- How to Use This Book
- Section 1 Designing with Building Codes
  - 1 Designing With Building Codes
- Section 2 Designing the Structure
  - 1 Selecting the Structural System
  - 2 Configuring the Structural System
  - 3 Sizing the Structural System
- Section 3 Designing with Daylight
  - 1 Design Criteria For Daylighting Systems
  - 2 Configuring and Sizing Daylighting Systems
- Section 4 Designing Spaces for Mechanical and Electrical Services
  - 1 Selecting Heating and Cooling Systems For Large Buildings
  - 2 Configuring and Sizing Mechanical and Electrical Services for Large Buildings
  - 3 Mechanical and Electrical Systems For Small Buildings
- Section 5 Designing for Egress and Accessibility
  - 1 Configuring the Egress System and Providing Accessible Routes
  - 2 Sizing the Egress System
  - 3 Stairway and Ramp Design
- Section 6 Designing for Parking
  - 1 Design Criteria for Parking Facilities
  - 2 Configuring Parking Facilities
  - 3 Sizing Parking Facilities
- Section 7 Designing with Height and Area Limitations
  - 1 Height and Area Limitations
  - 2 Height and Area Tables
- Appendix A Example Use of This Book
- Appendix B Units of Conversion
- Bibliography
- Index
