

Table of contents

- **Introduction to Stress, Strain, and Their Relationships**
- **Axial Loading: Applications and Pressure Vessels**
- **Torsional Loading**
- **Flexural Loading: Stresses**
- **Flexural Loading: Deflections**
- **Statically Indeterminate Beams**
- **Stress and Strain Transformation Equations**
- **Combined Static Loadings**
- **Columns**
- **Inelastic Behavior**
- **Energy Methods**
- **Appendices**
- **Answers**
- **Name Index**
- **Subject Index**
