

- **Partial table of contents**
- **Fundamental Aspects in The Production of Recombinant Proteins in Plants**
- **Expression in Plants**
- **The Production of Recombinant Glycoproteins with Defined Non-Immunogenic Glycans**
- **Downstream Processing of Proteins from Transgenic Plants**
- **Comparison of Host Systems for the Production of Recombinant Proteins**
- **Transgene Stability**
- **Examples**
- **Industrial Enzymes**
- **Pharmaceutical Proteins**
- **Commercialization**
- **Patents and Biotechnology**
- **Commercialization of Phytase-Containing Seed**
- **Index**
