

- About the Authors p. xi
- What This Book Will Do For You p. xv
- Chapter 1 Introduction p. 1
- Conventional versus Artificial Intelligence Applications p. 2
- Expert System Shells and Products p. 2
- Business Applications of Artificial Intelligence p. 3
- What is a Machine p. 6
- Genetic Algorithms p. 9
- Turing's Test p. 10
- Eliza p. 12
- Processing p. 13
- Branches of AI p. 14
- Programming for AI p. 14
- Backward Chaining p. 15
- Bots and Agents p. 15
- Fuzzy Logic p. 16
- The Java Expert System Shell p. 17
- Instant Tea p. 17
- Appendix 1-A Can Computers Think? p. 20
- Appendix 1-B Questions for Turing Test p. 22
- Chapter 2 Artificial Intelligence and Expert Systems p. 23
- Expert Systems in Detail p. 24
- How Expert Systems Work p. 25
- ES Tools p. 26
- Applications of Expert Systems p. 28
- Benefits and Disadvantages of Expert Systems p. 36
- Other Applications p. 37
- Intelligent Computer-Aided Instruction (ICAI) p. 40
- Chapter 3 Neural Networks p. 41
- Business Neural Network Applications p. 42
- Insolvency Prediction p. 43
- References p. 47
- Chapter 4 Artificial Intelligence in Business Finance p. 49
- Banking: Granting and Monitoring Credit p. 50
- Insurance: Underwriting, Claims Processing, and Reserving p. 51
- Portfolio Management p. 53
- Advice on Trading p. 56
- Global Financial Markets p. 57
- Neural Networks in Business Finance p. 60
- Chapter 5 Artificial Intelligence in Accounting p. 93
- Expert System Applications p. 93
- Neural Networks in Accounting p. 107
- Chapter 6 Legal Applications p. 135
- Finder p. 136

- Shyster p. 137
- Applied Sentencing System p. 138
- Legal Information Retrieval System p. 139
- The Nervous Shock Advisor p. 139
- Negligence p. 140
- Domestic Violence p. 140
- The Inheritance Advisor p. 140
- Appendix 6-A Sample Consultation Hypothetical for NSA p. 142
- Chapter 7 Artificial Intelligence in Marketing p. 149
- Using AI at the Design Stage p. 151
- Selling p. 153
- Marketing Services p. 159
- Forecasting p. 160
- Inventory Management p. 164
- Trend Analysis p. 165
- Communication p. 165
- Making Decisions in Uncertainty p. 166
- What's Next? p. 167
- References p. 168
- Chapter 8 Expert Systems and Neural Networks in Manufacturing p. 171
- Example 1 Expert Systems Integration Drives Van Conversions p. 172
- Example 2 General Electric's Expert System Mimics Human Repair Experts p. 173
- Production and Operations p. 174
- Business Process Reengineering p. 176
- Robotics p. 177
- Neural Networks in Manufacturing p. 177
- Appendix I Artificial Intelligence Software p. 181
- Glossary p. 189
- Index p. 223
