

- **Preface**
- **User guide**
- **Acknowledgements**
- **1 Systemic review**
- **Skeleton** (p. 1)
- **Muscles** (p. 2)
- **Arteries** (p. 4)
- **Veins** (p. 4)
- **Nerves** (p. 5)
- **Dermatomes** (p. 6)
- **Cross-sections of the human body** (p. 7)
- **2 Head, neck and brain**
- **Skull** (p. 11)
- **Skull bones** (p. 28)
- **Neck** (p. 38)
- **Root of neck** (p. 46)
- **Face** (p. 48)
- **Temporal and infratemporal fossa** (p. 50)
- **Pharynx** (p. 55)
- **Larynx** (p. 58)
- **Cranial cavity** (p. 61)
- **Eye** (p. 64)
- **Nose** (p. 67)
- **Nose and Tongue** (p. 69)
- **Ear** (p. 70)
- **Brain** (p. 72)
- **Cranial nerves** (p. 83)
- **Clinical notes** (p. 89)
- **3 Vertebral column and spinal cord**
- **Back and vertebral column overview** (p. 93)
- **Back and shoulder** (p. 94)
- **Vertebrae** (p. 95)
- **Sacrum** (p. 99)
- **Sacrum and coccyx** (p. 100)
- **Bony pelvis** (p. 102)
- **Vertebral ossification** (p. 103)
- **Vertebral column and spinal cord** (p. 104)
- **Surface anatomy of the back** (p. 110)
- **Muscles of back** (p. 111)
- **Vertebral radiographs** (p. 113)
- **Clinical notes** (p. 115)
- **4 Upper limb**
- **Upper limb overview** (p. 117)
- **Upper limb bones** (p. 118)
- **Shoulder** (p. 134)
- **Axilla** (p. 144)

- **Arm** (p. 147)
- **Elbow** (p. 149)
- **Forearm** (p. 152)
- **Hand** (p. 158)
- **Wrist and hand radiographs** (p. 173)
- **Clinical notes** (p. 174)
- **5 Thorax**
- **Thorax overview** (p. 177)
- **Thoracic bones** (p. 178)
- **Thoracic wall surface markings and breast** (p. 182)
- **Breast** (p. 183)
- **Thoracic wall** (p. 185)
- **Thoracic viscera** (p. 188)
- **Heart** (p. 189)
- **Mediastinum** (p. 196)
- **Mediastinal imaging** (p. 200)
- **Lungs** (p. 201)
- **Superior mediastinum** (p. 209)
- **Superior mediastinum and thoracic inlet** (p. 210)
- **Superior thoracic aperture (thoracic inlet)** (p. 211)
- **Posterior mediastinum** (p. 212)
- **Intercostal nerves and thoracic joints** (p. 214)
- **Aorta and associated vessels** (p. 215)
- **Diaphragm** (p. 216)
- **Oesophageal imaging** (p. 217)
- **Clinical notes** (p. 218)
- **6 Abdomen and pelvis**
- **Abdomen overview** (p. 221)
- **Anterior abdominal wall** (p. 222)
- **Upper abdomen** (p. 229)
- **Intestinal imaging** (p. 241)
- **Liver** (p. 245)
- **Spleen** (p. 250)
- **Spleen and intestines** (p. 251)
- **Intestines** (p. 252)
- **Small intestine** (p. 253)
- **Kidneys and suprarenal glands** (p. 254)
- **Diaphragm and posterior abdominal wall** (p. 261)
- **Posterior abdominal and pelvic walls** (p. 262)
- **Pelvic walls** (p. 264)
- **Male inguinal region, external genitalia** (p. 266)
- **Female inguinal region** (p. 267)
- **Male pelvis** (p. 268)
- **Pelvic vessels and nerves** (p. 272)
- **Pelvic ligaments** (p. 273)
- **Female pelvis** (p. 274)

- **Female perineum** (p. 278)
- **Male perineum** (p. 279)
- **Clinical notes** (p. 281)
- **7 Lower Limb**
- **Lower limb overview** (p. 285)
- **Lower limb bones** (p. 286)
- **Foot and ankle bones** (p. 310)
- **Development of lower limb bones** (p. 314)
- **Gluteal region** (p. 316)
- **Thigh** (p. 318)
- **Front of thigh** (p. 320)
- **Hip joint** (p. 324)
- **Knee** (p. 328)
- **Knee radiographs** (p. 336)
- **Leg** (p. 337)
- **Ankle and foot** (p. 344)
- **Foot** (p. 350)
- **Ankle and foot imaging** (p. 354)
- **Clinical notes** (p. 355)
- **Appendices**
- **Appendix I Skull foramina** (p. 358)
- **Appendix II Lymphatic system** (p. 360)
- **Appendix III Nerves** (p. 361)
- **Index** (p. 363)
