

Table of contents

- **Introduction**
- **Extrusions**
- **Aluminium extrusions**
- **Flexible polymer extrusions - EPDM, Neoprene, and Silicone**
- **Rigid polymer extrusions - PVC and Pultrusions**
- **Extruding steel and other metals**
- **Metal castings**
- **Sheet metal forming Brake Press to Superplastic Aluminium**
- **Composites - Composite Materials and Bonded Assemblies**
- **Glass as a component**
- **Prototypes and testing**
- **Glossary**
- **Appendix A Comparative material data**
- **Acknowledgements**
- **Index.**
