

- Preface
- Introduction
- Theory and general principles
- Gas-diesel and dual-fuel engines
- Exhaust emissions and control
- Fuels and Lubes
- Chemistry and treatment
- Performance
- Engine and plant selection
- Pressure charging
- Fuel injection
- Low speed engines - including: MAN B&W, Mitsubishi, Sulzer, Burmeister & Wain, and Doxford
- Medium Speed Engines - including: Allen, Alpha diesel, Caterpillar, Deutz, MaK, MAN B&W, Rolls-Royce, and Wartsila
- Low speed four-stroke trunk piston engines
- High speed engines
- Gas turbines
- Index
