

Table of contents

- Introduction to the Chassis
- Principles of Braking
- Drum Brake Theory
- Disc Brake Theory
- Parking Brake Theory
- Hydraulic System Theory
- Power Brake Theory
- Antilock Brake System Theory
- Tires - Theory
- Wheels - Theory
- Wheel Bearings - Theory
- Front Wheel Drive Driveshafts - Theory
- Front Suspension Types
- Rear Suspension Types
- Springs
- Shock Absorbers
- Steering Systems
- Chassis Electrical/Electronic Systems
- Wheel Alignment - Front and Rear
- Brake System Inspection
- Wheel Bearing Service
- Disc Brake Service
- Hydraulic System Service
- Power Brake Service
- Parking Brake Service
- Antilock Brake System Service
- Suspension & Steering Diagnosis & Inspection
- Tire & Wheel Service
- Front Wheel Drive Driveshafts Service
- Spring & Absorber Service
- Suspension Component Service
- Steering System Service
- Wheel Alignment - Measuring and Adjusting
