- Chapter 3 Week One: Planning and Organizing p. 25
  - The Business Context Summary p. 25
  - The Project Charter p. 41
  - Kickoff Preparation p. 43
  - Phase II Analyze Basis of Competition p. 45
- Chapter 4 Week Two: Project Kickoff and SCOR Metrics p. 47
  - The Project Kickoff p. 47
  - Reviewing a Balanced Set of Supply Chain Metrics p. 49
  - Defining Metrics and Benchmarks p. 54
- Chapter 5 Week Three: Benchmarks, Competitive Requirements, and Steering Team Review Number One p. 60
  - Data Review p. 60
  - Chip Exercise: Competitive Requirements Analysis p. 68
  - Preparing for Steering Team Review Number One p. 71
- Chapter 6 Week Four: SCORcards p. 73
  - The SCORcard Review p. 73
  - The Gap Analysis p. 78
- Phase III Design Material Flow p. 83
- Chapter 7 Week Five: Initiating AS IS Material Flow and Steering Team Review Number Two p. 85
  - Validating Gap Analysis and Preparing Steering Team Review Number Two p. 85
  - Launching Phase III: Design Material Flow p. 87
  - Initiating AS IS Material Flow p. 88
  - About the SCOR Level Two Process Types p. 89
  - Geographic Maps p. 96
  - Location Level Two Processes p. 99
  - Material Flow Performance p. 99
- Chapter 8 Week Six: The AS IS Material Flow Performance Summary p. 101
  - Reviewing the Material Flow Performance Summary and Refining Geographic Maps p. 102
  - Planning for Disconnect Analysis p. 111

- Chapter 9 Week Seven: The Material Flow Disconnect Analysis and Steering Team Review Number Three p. 112
  - Planning the Brainstorm Session p. 113
  - Conducting the Brainstorm Session p. 115
  - The Fishbone Analysis p. 120
  - Conducting Steering Team Review Number Three p. 123
- Chapter 10 Week Eight: The Disconnect and Opportunity Analysis p. 124
  - Reviewing and Refining the Fishbone Analysis p. 125
  - Initiating the Opportunity Analysis p. 126
- Chapter 11 Week Nine: Opportunity Summaries, Initiating TO BE Material Flow, and Steering Team Review Number Four p. 132
  - Completing the Opportunity Analysis p. 135
  - Initiating TO BE Material Flow p. 141
  - Conducting Steering Team Review Number Four p. 143
- Chapter 12 Week Ten: TO BE Material Flow p. 144
  - Identifying Changes and Initiating TO BE Models p. 145
  - Refining TO BE Models and Initiating Quick-Hit Plans p. 147
- Chapter 13 Week Eleven: Quick-Hit Plans, Steering Team Review Number Five, and Initiating the Work and Information Flow Analysis p. 151
  - Reviewing and Refining Quick-Hit Mini-Charters p. 152
  - Initiating AS IS Work and Information Flow p. 153
  - Planning the Staple Yourself Analysis p. 155
  - Conducting Steering Team Review Number Five p. 158
- Phase IV Work and Information Flow Analysis and Design p. 159
- Chapter 14 Week Twelve: The Staple Yourself Analysis p. 161
  - The Staple Yourself Kickoff and Analysis p. 162
  - Understanding the Transaction Analysis Worksheet p. 162
- Chapter 15 Week Thirteen: The AS IS Swim Diagram and Steering Team Review Number Six p. 167
  - Assembling the Preliminary AS IS Swim Diagram p. 167
  - Conducting Steering Team Review Number Six p. 174
- Chapter 16 Week Fourteen: The AS IS Productivity Summary p. 176
  - Assembling the AS IS Productivity Summary p. 176
  - Initiating TO BE Work and Information Flow p. 179
  - The Baseline Business Blueprint Education p. 180
- Chapter 17 Week Fifteen: The TO BE Work and Information Flow Blueprint and Steering Team Review Number Seven p. 185
  - Reviewing the SCOR Level Three Baseline Blueprint p. 186
  - Adjusting Swim Lanes p. 189
  - Identifying Transaction Examples p. 191
  - TO BE Productivity Improvement p. 191
  - Conducting Steering Team Review Number Seven p. 192
- Chapter 18 Week Sixteen: The TO BE Summary and Project Portfolio p. 194
  - Refining TO BE Productivity Spreadsheets p. 194
  - Establishing the Overall Project Portfolio and Initiating the Return-on-Investment Analysis p. 199
