

- Preface p. ix
- 1. Polymer Nanocomposites: Introduction Richard A. Vaia and Ramanan Krishnamoorti p. 1
- 2. Commercialization of Polymer Nanocomposites Jon Collister p. 7
- 3. PMMA Nanocomposites Synthesized by Emulsion Polymerization Sumanda Bandyopadhyay and Alex J. Hsieh and Emmanuel P. Giannelis p. 15
- 4. Boron Nitride Fillers for Organic Polymer Composites R. T. Paine and E. A. Pruss and G. L. Wood and C. Schwierkowski and R. F. Hill and C. Chapelle and W. J. Kroenke p. 27
- 5. Surface-Initiated Anionic Polymerization: Tethered Polymer Brushes on Silicate Flat Surfaces Qingye Zhou and Yo Nakamura and Seiji Inaoka and Mi-kyoung Park and Yingfan Wang and Xiaowu Fan and Jimmy Mays and Rigoberto Advincula p. 39
- 6. Predicting the Phase Behavior of Polymer--Clay Nanocomposites: The Role of End-Functionalized Chains Valeriy V. Ginzburg and Anna C. Balazs p. 57
- 7. Carbon Black Structure and Associations in Filled Rubbers Rex P. Hjelm p. 71
- 8. An Investigative Study of Polymer Adsorption to Smectite Clay: Polyelectrolytes and Sodium Montmorillonite Robert Y. Lochhead and Cheri McConnell Boykin p. 85
- 9. Mesoscopic Structure of Polymer--Inorganic Nanocomposites Richard A. Vaia and Derek Lincoln p. 99
- 10. Solution and Solid-State NMR Spectroscopy of Nylon 6--Montmorillonite Clay Nanocomposites Rick D. Davis and William L. Jarrett and Lon J. Mathias p. 117
- 11. Studies of Organically Modified Clays by Scattering Techniques Derek L. Ho and Robert M. Briber and Charles J. Glinka p. 127
- 12. Thin Film Organically Modified Layered Silicate--Polymer Hybrid Materials R. Limary and P. F. Green p. 141
- 13. Influence of Layered-Silicates on the Rheological Properties of Diblock Copolymer Nanocomposites Cynthia A. Mitchell and Ramanan Krishnamoorti p. 159
- 14. Dispersion and Nucleating Effects of Clay Fillers in Nanocomposite Polymer Films Vincent Ferreira and Gudrun Schmidt and Charles Han and Alamgir Karim p. 177
- 15. Molecular Simulations of Ultra-Confined Polymers: Polystyrene Intercalated in Layered-Silicates E. Manias and V. Koppa p. 193
- 16. A Coarse-Grained Simulation Study of Polymer Melt Intercalation in Layered Nanostructures R. K. Bharadwaj and R. A. Vaia and B. L. Farmer p. 209
- Author Index p. 227
- Subject Index p. 229
