

# Table of contents

- **1 General Anatomy** (p. 1)
- **Organization of the Human Body** (p. 1)
- **Skeleton of the Human Body** (p. 4)
- **Ossification of the Bones** (p. 6)
- **Bone Structure** (p. 8)
- **Joints** (p. 10)
- **Principal Joints (Immovable)** (p. 12)
- **Synovial Joints (Movable)** (p. 14)
- **Shapes of Muscles** (p. 16)
- **Muscles, Tendon Attachments** (p. 17)
- **Organization of the Nervous System** (p. 18)
- **Organization of the Circulatory System** (p. 20)
- **Organization of the Lymphatic System** (p. 22)
- **2 Head and Neck** (p. 23)
- **Bones of the Skull** (p. 24)
- **Disarticulated Skull I** (p. 28)
- **Disarticulated Skull II** (p. 30)
- **Disarticulated Skull III (Cranial Bones)** (p. 32)
- **Calvaria** (p. 33)
- **Base of the Skull (from above)** (p. 34)
- **Base of the Skull (from left side)** (p. 35)
- **Median Section through the Skull** (p. 36)
- **Disarticulated Skull IV (Facial Skeleton)** (p. 38)
- **Palatine Bone** (p. 40)
- **Maxilla** (p. 41)
- **Ethmoid Bone** (p. 44)
- **Bony Palate** (p. 45)
- **Pterygopalatine Fossa** (p. 46)
- **Nasal and Lacrimal Bones** (p. 47)
- **Bones of the Nasal Cavity** (p. 48)
- **Septum and Cartilages of the Nose** (p. 49)
- **Base of the Skull (from below)** (p. 50)
- **Mandible and Dental Arch** (p. 52)
- **Temporomandibular Joint** (p. 56)
- **Muscles of the Temporomandibular Joint** (p. 58)
- **Facial Muscles** (p. 60)
- **Supra- and Infrahyoid Muscles** (p. 62)
- **Coronal Section** (p. 64)
- **Maxillary Artery** (p. 65)
- **Cranial Nerves** (p. 66)
- **Nerves of the Orbit** (p. 70)
- **Trigeminal Nerve** (p. 72)
- **Facial Nerve** (p. 74)
- **Para- and Retropharyngeal Region** (p. 82)

- **Glossopharyngeal, Vagus and Hypoglossal** (p. 75)
- **Superficial Region of the Face** (p. 76)
- **Retromandibular Region** (p. 80)
- **Skull of the Newborn** (p. 84)
- **Scalp** (p. 85)
- **Meninges** (p. 86)
- **Dura Mater and Dural Venous Sinuses** (p. 86)
- **Dura Mater** (p. 88)
- **Pia Mater and Arachnoid** (p. 89)
- **Brain** (p. 90)
- **Median Sections** (p. 90)
- **Arteries and Veins** (p. 92)
- **Arterial Circle of Willis** (p. 93)
- **Arteries** (p. 94)
- **Arteries (Arterial Circle of Willis)** (p. 96)
- **Lobes of the Cerebrum** (p. 98)
- **Lobes of the Cerebellum** (p. 102)
- **Dissections** (p. 104)
- **Limbic System** (p. 107)
- **Hypothalamus** (p. 108)
- **Subcortical Nuclei** (p. 109)
- **Subcortical Nuclei and Internal Capsule** (p. 110)
- **Horizontal Sections** (p. 116)
- **Ventricular System** (p. 112)
- **Brain Stem** (p. 113)
- **Cross Sections** (p. 114)
- **Auditory and Vestibular Apparatus** (p. 120)
- **Middle Ear** (p. 124)
- **Auditory Ossicles** (p. 126)
- **Internal Ear** (p. 127)
- **Labyrinth** (p. 128)
- **Acoustic Pathway** (p. 129)
- **Visual Apparatus and Orbit** (p. 130)
- **Eyeball** (p. 131)
- **Vessels of the Eye** (p. 132)
- **Extraocular Muscles** (p. 133)
- **Visual Pathway** (p. 135)
- **Layers of the Orbit** (p. 138)
- **Lacrimal Apparatus and Lids** (p. 140)
- **Nasal Septum** (p. 141)
- **Nasal Cavity and Paranasal Sinuses** (p. 142)
- **Nerves and Arteries** (p. 144)
- **Nasal and Oral Cavity** (p. 146)
- **Oral Cavity** (p. 148)
- **Submandibular Triangle** (p. 150)
- **Salivary Glands** (p. 151)

- **General Organization of the Neck** (p. 152)
- **Muscles of the Neck** (p. 154)
- **Larynx** (p. 156)
- **Muscles** (p. 158)
- **Vocal Ligament** (p. 159)
- **Innervation** (p. 160)
- **Larynx and Oral Cavity** (p. 161)
- **Pharynx** (p. 162)
- **Muscles** (p. 164)
- **Arteries** (p. 166)
- **Arteries and Veins** (p. 168)
- **Veins** (p. 169)
- **Lymph Vessels** (p. 170)
- **Anterior Aspect of the Neck** (p. 172)
- **Posterior Triangle** (p. 174)
- **Lateral Aspect of the Neck** (p. 176)
- **Cervical and Brachial Plexus** (p. 182)
- **Sections through the Neck** (p. 183)
- **3 Trunk** (p. 184)
- **Skeleton** (p. 184)
- **Vertebrae** (p. 186)
- **Vertebral Column and Thorax** (p. 188)
- **Ribs and Vertebral Joints** (p. 190)
- **Costovertebral Joints** (p. 191)
- **Thoracic Wall** (p. 196)
- **Ligaments** (p. 192)
- **Joints Connecting to the Head** (p. 193)
- **Muscles of the Thorax** (p. 195)
- **Thoracic and Abdominal Wall** (p. 200)
- **Vessels and Nerves** (p. 206)
- **Inguinal Region** (p. 207)
- **Inguinal Region in the Male** (p. 208)
- **Inguinal Region in the Female** (p. 210)
- **Back** (p. 211)
- **Muscles** (p. 214)
- **Innervation** (p. 218)
- **Vertebral Canal and Spinal Cord** (p. 220)
- **Nuchal Region** (p. 224)
- **Spinal Cord in the Neck** (p. 230)
- **Neck and Back** (p. 232)
- **4 Thoracic Organs** (p. 233)
- **Position of the Thoracic Organs** (p. 233)
- **Respiratory System** (p. 236)
- **Projections of the Lungs and Pleura** (p. 238)
- **Lungs** (p. 239)
- **Bronchopulmonary Segments** (p. 240)

- **Heart** (p. 242)
- **Myocardium** (p. 247)
- **Valves** (p. 248)
- **Function** (p. 250)
- **Conducting System** (p. 251)
- **Vessels** (p. 252)
- **Regional Anatomy of the Thoracic Organs** (p. 254)
- **Thymus** (p. 256)
- **Heart** (p. 258)
- **Pericardium** (p. 262)
- **Diaphragm** (p. 272)
- **Epicardium** (p. 263)
- **Posterior Mediastinum** (p. 264)
- **Mediastinal Organs** (p. 270)
- **Coronal Sections through the Thorax** (p. 274)
- **Horizontal Sections through the Thorax** (p. 276)
- **Fetal Circulatory System** (p. 278)
- **Mammary Gland** (p. 280)
- **5 Abdominal Organs** (p. 281)
- **Digestive System** (p. 281)
- **Anterior Abdominal Wall** (p. 283)
- **Stomach** (p. 284)
- **Pancreas and Bile Ducts** (p. 286)
- **Liver** (p. 288)
- **Spleen and Portal Circulation** (p. 290)
- **Portal Circulation** (p. 291)
- **Vessels of the Abdominal Organs** (p. 292)
- **Dissection of Abdominal Organs** (p. 294)
- **Mesenteric Arteries** (p. 296)
- **Abdominal Cavity** (p. 298)
- **Upper Abdominal Organs** (p. 299)
- **Lesser Sac** (p. 300)
- **Celiac Trunk** (p. 302)
- **Posterior Abdominal Wall** (p. 304)
- **Pancreas** (p. 304)
- **Pancreas and Spleen** (p. 305)
- **Root of the Mesentery and Peritoneal Recesses** (p. 306)
- **Arteries** (p. 316)
- **Sections through the Abdominal Cavity** (p. 308)
- **Sections through the Retroperitoneal Region** (p. 313)
- **Kidney** (p. 314)
- **6 Retroperitoneal Organs** (p. 311)
- **Urinary System** (p. 311)
- **Retroperitoneal Arteries** (p. 317)
- **Posterior Abdominal Wall** (p. 318)
- **Retroperitoneal Organs** (p. 318)

- **Lymph Vessels** (p. 320)
- **Vessels and Nerves** (p. 321)
- **Autonomic Nervous System** (p. 322)
- **Male Urogenital System** (p. 324)
- **Male Genital Organs** (p. 326)
- **Penis** (p. 328)
- **Testis and Epididymis** (p. 329)
- **Accessory Glands** (p. 330)
- **Coronal Section through Pelvic Cavity** (p. 331)
- **Vessels of Pelvic Organs** (p. 332)
- **Vessels and Nerves of Pelvic Organs** (p. 334)
- **Abdominal Aorta** (p. 335)
- **Male External Genital Organs** (p. 336)
- **Urogenital and Pelvic Diaphragms** (p. 338)
- **Urogenital and Anal Region** (p. 340)
- **Female Urogenital System** (p. 342)
- **Female Internal Genital Organs** (p. 343)
- **Uterus and Related Organs** (p. 346)
- **Vessels** (p. 348)
- **Female External Genital Organs** (p. 350)
- **Female Urogenital Diaphragm** (p. 352)
- **Sections through the Pelvic Cavity of the Female** (p. 355)
- **7 Upper Limb** (p. 356)
- **Skeleton of the Shoulder Girdle and Thorax** (p. 356)
- **Scapula** (p. 359)
- **Skeleton of the Shoulder Girdle and Humerus** (p. 360)
- **Humerus** (p. 361)
- **Bones of the Forearm** (p. 362)
- **Skeleton of the Forearm and Hand** (p. 363)
- **Skeleton of the Hand** (p. 364)
- **Joints and Ligaments of the Shoulder** (p. 366)
- **Ligaments of the Elbow Joint** (p. 367)
- **Ligaments of the Hand and Wrist** (p. 368)
- **Muscles of the Shoulder and Arm** (p. 370)
- **Dorsal Muscles** (p. 370)
- **Pectoral Muscles** (p. 372)
- **Muscles of the Arm** (p. 374)
- **Muscles of the Forearm** (p. 376)
- **Muscles of the Hand** (p. 380)
- **Muscles of the Forearm and Hand** (p. 382)
- **Arteries** (p. 384)
- **Veins** (p. 386)
- **Nerves** (p. 387)
- **Dorsal Region of the Arm and Shoulder** (p. 389)
- **Dorsal Region of the Neck and Shoulder** (p. 391)
- **Dorsal Region of the Shoulder** (p. 392)

- **Ventral Region of the Shoulder** (p. 394)
- **Axillary Region** (p. 396)
- **Brachial Plexus** (p. 399)
- **Anterior Region of the Arm** (p. 400)
- **Posterior Region of the Forearm and Hand** (p. 402)
- **Posterior Region of the Forearm** (p. 403)
- **8 Lower Limb** (p. 417)
- **Dorsal Region of the Forearm and Hand** (p. 404)
- **Cubital Region** (p. 405)
- **Anterior Region of the Forearm and Hand** (p. 408)
- **Sections through Upper Extremity** (p. 410)
- **Palm of Hand** (p. 412)
- **Skeleton of the Pelvic Girdle and Lower Limb** (p. 418)
- **Bones of the Pelvis** (p. 419)
- **Skeleton of the Pelvis** (p. 421)
- **Skeleton of the Hip Joint** (p. 424)
- **Bones of the Femur** (p. 425)
- **Skeleton of the Knee Joint** (p. 426)
- **Skeleton of the Foot** (p. 428)
- **Ligaments of the Pelvis and Hip Joint** (p. 430)
- **Ligaments of the Knee Joint** (p. 432)
- **Sagittal Section through the Knee Joint** (p. 434)
- **Ligaments of the Foot** (p. 435)
- **Sagittal Section through the Foot** (p. 437)
- **Muscles of the Thigh** (p. 438)
- **Gluteal Muscles** (p. 440)
- **Flexor Muscles** (p. 441)
- **Muscles of the Leg** (p. 443)
- **Flexor Muscles** (p. 443)
- **Muscles of the Leg and Foot** (p. 444)
- **Deep Flexor Muscles** (p. 446)
- **Extensor Muscles** (p. 448)
- **Muscles of the Foot** (p. 449)
- **Arteries** (p. 452)
- **Veins** (p. 454)
- **Lumbosacral Plexus** (p. 456)
- **Vertebral Canal and Hypogastric Plexus** (p. 457)
- **Vertebral Canal with Spinal Cord** (p. 458)
- **Nerves** (p. 459)
- **Spinal Cord with Intercostal Nerves** (p. 460)
- **Spinal Cord and Lumbar Plexus** (p. 461)
- **Anterior Region of the Thigh** (p. 462)
- **Gluteal Region** (p. 466)
- **Posterior Region of the Thigh** (p. 468)
- **Tomographic Sections** (p. 482)
- **Anterior Region of the Knee** (p. 470)

- **Posterior Region of the Knee** (p. 471)
- **Popliteal Fossa** (p. 471)
- **Posterior Crural Region** (p. 473)
- **Anterior Crural Region and Dorsum of Foot** (p. 476)
- **Coronal Section through the Foot** (p. 479)
- **Dorsum of the Foot** (p. 480)
- **Sole of the Foot** (p. 484)
- **Index** (p. 487)
