

- Chapter 1 Introduction p. 1
- 1.1 Purpose p. 1
- 1.2 Intended Audience p. 7
- 1.3 Bibliography p. 7
- Chapter 2 Principles p. 9
- 2.1 Mass Transfer Principles p. 9
- 2.2 Application to Oxygen Transfer p. 20
- 2.3 Design Equations p. 32
- 2.4 Nomenclature p. 39
- 2.5 Bibliography p. 42
- Chapter 3 Diffused Aeration p. 45
- 3.1 Introduction p. 45
- 3.2 Description of Diffused Aeration Systems p. 47
- 3.3 Diffused Air System Layouts p. 64
- 3.4 Performance of Diffused Air Systems p. 73
- 3.5 Diffused Air System Design p. 119
- 3.6 Nomenclature p. 141
- 3.7 Bibliography p. 142
- Chapter 4 Deep Tank Aeration with Blower and Compressor Considerations p. 147
- 4.1 Introduction p. 147
- 4.2 Oxygen Transfer in Deep Tanks p. 149
- 4.3 Aeration Efficiency in Deep Tanks p. 172
- 4.4 Nomenclature p. 196
- 4.5 Bibliography p. 197
- Chapter 5 Surface and Mechanical Aeration p. 199
- 5.1 Introduction p. 199
- 5.2 Low-Speed Surface Aerators p. 204
- 5.3 High-Speed or Motor Speed Aerators p. 210
- 5.4 Horizontal Rotors p. 213
- 5.5 Submerged Turbine Aerators p. 216
- 5.6 Aspirating Aerators p. 218
- 5.7 Factors Affecting Performance p. 221
- 5.8 Performance of Mechanical Aeration Devices p. 231
- 5.9 Design p. 236
- 5.10 Nomenclature p. 239
- 5.11 Bibliography p. 239
- Chapter 6 High-Purity Oxygen Aeration p. 241
- 6.1 History p. 241
- 6.2 Covered Tank Systems p. 249
- 6.3 Open Tank Systems--Floating Cover p. 261
- 6.4 Nomenclature p. 269
- 6.5 Bibliography p. 270
- Chapter 7 Testing and Measurement p. 273
- 7.1 Introduction p. 273
- 7.2 Aeration Tank Mass Balance p. 274
- 7.3 Clean Water Performance Testing p. 275

- 7.4 In-Process Oxygen Transfer Testing p. 280
- 7.5 Quality Assurance for Fine-Pore Diffusers p. 287
- 7.6 Characteristics of Diffused Air Materials p. 288
- 7.7 Nomenclature p. 292
- 7.8 Bibliography p. 295
- Chapter 8 Aeration Systems in Natural Waters p. 297
- 8.1 Aeration--Streams and Rivers p. 297
- 8.2 Metropolitan Water District of Greater Chicago: Full-Scale Instream Aeration Systems p. 298
- 8.3 Nomenclature p. 321
- 8.4 Bibliography p. 322
- Chapter 9 Operation and Maintenance p. 325
- 9.1 Operation p. 325
- 9.2 System Monitoring p. 329
- 9.3 Aeration System Control p. 331
- 9.4 Maintenance--Diffused Air p. 334
- 9.5 Maintenance--Mechanical Aeration p. 337
- 9.6 Nomenclature p. 337
- 9.7 Bibliography p. 338
- Index p. 339
