

- Official self-study test preparation guide for the Cisco CCNA ICND exam 640-811
- Best-selling study guide helps you master all the topics on the new CCNA ICND exam, including
 - Switching concepts Spanning Tree Protocol (STP), VLANs, and trunking
 - IP addressing and subnetting
 - RIP, IGRP, EIGRP, OSPF, and static route configuration
 - Variable- subnet masking (VLSM) support and route summarization
 - Classless Interdomain Routing (CIDR) and Network Address Translation (NAT)
 - Point-to-point leased line implementation
 - ISDN and Dial-on-Demand Routing (DDR)
 - Frame Relay configuration
 - IP Access Control List (ACL) security
- Supporting Website Up-to-20030821 study materials, the latest exam hints, and test engine updates for this book can be found at www.ciscopress.com/158720083X
- CCNA ICND Exam Certification Guide is a best-of-breed Cisco exam study guide that has been completely updated to focus specifically on the objectives for the new CCNA ICND exam
 - Senior instructor and best-selling author
 - Wendell Odom shares preparation hints and test-taking tips to help you identify areas of weakness and improve both your conceptual and hands-on knowledge
 - This new edition is organized in a modular fashion, segmenting larger chapters into smaller, more easily digestible components
 - Material is presented in a concise manner, focusing on increasing your retention of exam topics
 - CCNA ICND Exam Certification Guide presents you with an organized test preparation routine through the use of proven series elements and techniques
 - "Do I Know This Already?" quizzes open each chapter and allow you to decide how much time you need to spend on each section
 - Chapter subject lists and Foundation Summary tables make referencing easy and give you a quick refresher whenever you need it
 - Challenging chapter-ending review questions help you assess your knowledge and reinforce key concepts
 - Scenario-based exercises help you think about exam objectives in real-world situations, thus increasing recall during exam time
 - The companion CD-ROM contains a powerful new testing engine that allows you to focus on individual topic areas or take complete, timed exams from ICND and unified CCNA test banks
 - The assessment engine also tracks your performance and provides feedback on a module-by-module basis, presenting question-by-question remediation to the text and laying out a complete study plan for review
 - The CD-ROM also includes a wealth of hands-on practice exercises and a copy of the Boson NetSim for CCNA ICND
 - Learning Edition, network simulation software that allows you to practice your hands-on skills in a virtual lab environment that has been customized for the labs in the book

- Companion CD-ROM The CD-ROM contains more than 300 practice questions for the ICND, INTRO, and CCNA exams, including simulation-based questions
- Well-regarded for its level of detail, assessment features, and challenging review questions and hands-on exercises, this book helps you master the concepts and techniques that will enable you to succeed on the exam the first time
- CCNA ICND Exam Certification Guide is part of a recommended study program from Cisco Systems? that includes simulation and hands-on training from authorized Cisco Learning Partners and self-study products from Cisco Press
- To find out more about instructor-led, e-learning, and hands-on instruction offered by authorized Cisco Learning Partners worldwide, please visit www.cisco.com/go/authorizedtraining
- Wendell Odom, CCIE? No. 1624, is a senior instructor with Skyline Computer, where he teaches courses on QoS, CCNA, and CCIE lab preparation
- He has worked in the networking arena for 20 years, with jobs in pre- and post-sales technical consulting, teaching, and course development
- Also contains hands-on exercises and a customized copy of the NetSim LE network simulation software
- This volume is part of the Exam Certification Guide Series from Cisco Press?
- Books in this series provide officially developed exam preparation materials that offer assessment, review, and practice to help Cisco
- Career Certification candidates identify weaknesses, concentrate their study efforts, and enhance their confidence as exam day nears
