

- Part I Introduction to B2B Integration
- 1 History
- 2 Introduction to B2B Integration Technology
- 3 Types of Integration
- 4 Classification
- Part II B2B Integration Concepts
- 5 Preliminaries
- 6 The Ideal Integration
- 7 Concepts
- 8 Additional Functionality
- 9 Recursive Application of Concepts to B2B Integration
- Part III B2B Integration Technology Architecture
- 10 Architecture Overview
- 11 User Interface
- 12 Integration Logic
- 13 Connectivity
- 14 Persistence
- 15 Implementation Principles
- Part IV B2B Integration Technology Deployment
- 16 Modeling Methodology
- 17 Advertisement, Discovery and Agreement
- 18 Monitoring and Business Intelligence
- 19 Change Management
- Part V Integration Standards, Products, Research, and the Future of Integration
- 20 Standards
- 21 Products
- 22 Research
- 23 The Future of Integration
- Part VI References and Index
- 24 References
- 25 Index
