

Table of Contents

- List of tables and figures p. vii
- Notes on contributors p. xiii
- 1 Introduction Roger M. Bartlett p. 1
- 2 Motion analysis using video Carl J. Payton p. 8
- 3 Motion analysis using on-line systems Clare E. Milner p. 33
- 4 Force and pressure measurement Adrian Lees and Mark Lake p. 53
- 5 Surface electromyography Adrian Burden p. 77
- 6 Isokinetic dynamometry Vasilios Baltzopoulos p. 103
- 7 Data processing and error estimation John H. Challis p. 129
- 8 Research methods: sample size and variability effects on statistical power David R. Mullineaux p. 153
- 9 Computer simulation modelling in sport Maurice R. Yeadon and Mark A. King p. 176
- Appendix 1 The British Association of Sport and Exercise Sciences-code of conduct p. 207
- Appendix 2 On-line motion analysis system manufacturers and their websites p. 213
- Index p. 215
