

- **Preface**
- **Contributors**
- **1 Biological Applications of Multifunctional Magnetic Nanowires**
- **2 Nucleic Acid Delivery and Localizing Delivery with Magnetic Nanoparticles**
- **3 Magnetic Nanoparticles in Cancer Diagnosis and Hyperthermic Treatment**
- **4 Brownian Motion In Biological Sensing**
- **5 Dendrimers And Hyperbranched Polymers For Drug Delivery**
- **6 Nanogels: Chemistry to Drug Delivery**
- **7 Targeted Gold Nanoparticles for Imaging and Therapy**
- **8 Building Blocks of Nucleic Acid Nanostructures: Unfolding Thermodynamics of Intramolecular DNA Complexes**
- **9 Nanotoxicology**
- **Index**
- **About the Editors**
