

Table of Contents

Preface p. xiv

Part I Android Fundamentals p. 1

Hour 1 Introducing Android p. 3

Beginning Android Studio p. 10

Defining Android p. 3

Understanding Android Development p. 5

Summary p. 14

Workshop p. 14

Exercise p. 15

Using Implicit Intents p. 27

Q&A p. 14

Hour 2 Understanding Intents p. 17

Using Intents to Start an Activity p. 17

Summary p. 34

Workshop p. 35

Exercise p. 36

Resources in Your Project p. 37

Understanding Common Resources p. 40

Providing Alternative Resources p. 48

Internationalization: Using Alternative Languages Resources p. 49

Summary p. 51

Q&A p. 52

Workshop p. 52

Handling an Implicit Intent p. 32

Q&A p. 35

Hour 3 Understanding Resources p. 37

Exercises p. 52

Hour 4 Activities and Fragments p. 53

Working with Activities p. 53

Understanding the Activity Lifecycle p. 63

Introducing Fragments p. 66

Summary p. 71

Q&A p. 71

Workshop p. 71

Exercises p. 72

Hour 5 Responsive Apps: Running in the Background p. 73

Working in the Background p. 73

Using an AsyncTask p. 76

Service and IntentService p. 79

Summary p. 87

Q&A p. 87

Workshop p. 88

Exercise p. 88

Part II Creating the User Interface p. 89

Hour 6 Using Basic UI Controls p. 91

Using the Android Studio Palette p. 91

Handling User Input p. 92

Using Buttons for User Actions p. 97

Summary p. 102

Q&A p. 103

Workshop p. 103

Exercise p. 103

Hour 7 Using Layouts p. 105

Getting Started with Layouts p. 105

Becoming a RelativeLayout Expert p. 108

Common Attributes p. 112

More Layout Types p. 114

Summary p. 116

Q&A p. 117

Hour 8 ListViews and Adapters p. 119

Getting Started with ListViews p. 119

Extending Base Adapters p. 124

Workshop p. 117

Exercises p. 117

Introducing the View Holder Pattern p. 131

Summary p. 136

Q&A p. 136

Workshop p. 136

Exercises p. 137

Hour 9 Material Design p. 139

The Evolution of App Design p. 139

Introducing Material Design p. 140

Implementing Material Design p. 145

Summary p. 159

Q&A p. 159

Workshop p. 160

Exercise p. 160

Hour 10 More Views and Controls p. 161

Indicating Progress p. 166

Displaying Data p. 170

More Views p. 174

Summary p. 177

Q&A p. 177

Workshop p. 177

Exercise p. 178

Hour 11 ImageViews and Bitmaps p. 179

Using Bitmaps and Canvas p. 186

Introducing Picasso p. 192

Summary p. 192

Q&A p. 193

Workshop p. 193

Exercise p. 193

Playing Video p. 195

Handling VideoView Events p. 199

Playing Audio with MediaPlayer p. 202

More Media p. 204

Summary p. 205

Controls for Collecting Information p. 161

Examining ImageView p. 179

Hour 12 Using VideoViews and Media p. 195

Q&A p. 205

Workshop p. 205

Exercise p. 206

Hour 13 Adding Navigation p. 207

Using the ActionBar p. 207

Introducing the Toolbar p. 214

Sliding Drawer Navigation. p. 219

Summary p. 228

Q&A p. 228

Workshop p. 229

Exercise p. 229

Part III Working with Data p. 231

Hour 14 Using the File System p. 233

File System Overview p. 233

Saving Data Privately in Your App p. 236

Saving Data in Public Folders p. 240

Summary p. 242

Q&A p. 242

Workshop p. 242

Exercise p. 243

Hour 15 Using SharedPreferences p. 245

Using SharedPreferences to Store Data p. 245

Setting User Preferences p. 249

Summary p. 258

Q&A p. 258

Workshop p. 258

Exercise p. 259

Hour 16 Using SQLite and File Storage p. 261

Organizing a Database with Tables p. 261

Managing Data with SQLiteOpenHelper p. 263

Adding, Deleting, and Updating Data. p. 266

Querying Data and Using Cursors p. 267

Using a Database in the App p. 269

Summary p. 274

Q&A p. 274

Workshop p. 274

Exercise p. 275

Hour 17 Accessing the Cloud: Working with a Remote API p. 277

Fetching Remote Data p. 277

Using and Parsing JSON-Formatted Data p. 282

Putting the Pieces Together p. 286

Checking Connectivity. p. 290

Summary p. 294

Q&A p. 295

Workshop p. 295

Exercise p. 295

Hour 18 Introducing Content Providers p. 297

Introducing Content Providers p. 297

All About the Calendar p. 298

Calendar Data via the Calendar Content Provider p. 300

Summary p. 308

Q&A p. 308

Workshop p. 309

Exercise p. 309

Hour 19 Creating a Content Provider p. 311

Specifying a URI for Data Retrieval p. 311

Using PieDbAdapter p. 312

Building a Content Provider p. 312

Using MyContentProvider in the App p. 319

Summary p. 321

Q&A p. 321

Workshop p. 322

Exercise p. 322

Hour 20 Loaders and CursorAdapters p. 323

How Loaders Work p. 323

Loader Classes p. 324

Understanding Loader States p. 325

Creating Cursor Adapters p. 330

The Rest of the App p. 333

Summary p. 333

Q&A p. 333

Workshop p. 334

Exercise p. 334

Part IV Next Steps p. 335

Hour 21 Using Notifications p. 337

Introducing Notifications p. 337

Creating and Managing Notifications p. 338

Customizing Notifications p. 344

Summary p. 345

Q&A p. 346

Workshop p. 346

Exercise p. 346

Hour 22 Android TV and Wear Apps p. 347

Android as a Platform p. 347

Developing Android Wear Apps p. 348

Developing Android TV Apps p. 355

Summary p. 358

Q&A p. 358

Workshop p. 359

Exercise p. 359

Hour 23 More Features to Explore p. 361

Using Google Play Services p. 361

Using Google Play Services for Location p. 364

Using Open Source and External SDKs p. 368

Digging Deeper into Android p. 369

Summary p. 373

Q&A p. 373

Workshop p. 374

Exercise p. 374

Hour 24 Publishing Your Apps p. 375

Preparing for Release p. 375

Sharing Your App with the World p. 382

Monetizing Your App p. 384

Summary p. 385

Q&A p. 385

Workshop p. 385

Exercise p. 386

Index p. 387
