

Table of Contents

Chapter 1 Machines Make It Possible	p. 1
A New Construction Environment	p. 1
The History of Construction Equipment	p. 3
The Contracting Environment	p. 13
The Construction Industry	p. 10
Safety	p. 11
Resources	p. 17
Website Resources	p. 17
Chapter 2 Equipment Economics	p. 19
Important Questions	p. 19
Equipment Records	p. 20
The Rent Paid for the Use of Money	p. 21
Cost of Capital	p. 27
Planning Equipment Utilization	p. 14
Summary	p. 16
Problems	p. 16
Evaluating Investment Alternatives	p. 28
Elements of Ownership Cost	p. 30
Elements of Operating Cost	p. 37
Cost for Bidding	p. 42
Replacement Decisions	p. 50
Rent and Lease Considerations	p. 51
Summary	p. 56

Problems p. 57

Resources p. 60

Website Resources p. 60

Chapter 3 Planning for Earthwork Construction p. 61

Planning p. 61

Graphical Presentation of Earthwork p. 66

Earthwork Quantities p. 69

Mass Diagram p. 77

Using the Mass Diagram p. 78

Structural Excavation p. 85

Pricing Earthwork Operations p. 88

Summary p. 91

Problems p. 91

Resources p. 94

Website Resources p. 95

Chapter 4 Soil and Rock p. 96

Introduction p. 96

Glossary of Terms p. 97

Soil and Rock Properties p. 97

Compaction Specification and Control p. 108

Compaction Tests p. 109

Soil Processing p. 114

Summary p. 119

Problems p. 119

Resources p. 121

Website Resources p. 121

Chapter 5 Compaction and Stabilization Equipment p. 122

Compaction of Soil and Rock p. 122

Glossary of Terms p. 123

Compacting Methods p. 124

Types of Compacting Equipment p. 125

Intelligent Compaction p. 137

Roller Production Estimating p. 138

Soil Stabilization p. 139

Stabilization of Soils with Lime p. 141

Stabilization of Soils with Cement p. 143

Summary p. 146

Problems p. 147

Resources p. 148

Website Resources p. 148

Chapter 6 Mobile Equipment Power Requirements p. 150

General Information p. 150

Required Power p. 152

Available Power p. 158

Usable Power p. 164

Performance Charts p. 168

Summary p. 174

Problems p. 175

Resources p. 178

Website Resources p. 178

Chapter 7 Dozers and Graders p. 179

Introduction p. 179

Pushing Material p. 185

General Information p. 185

Project Employment p. 190

Dozer Production Estimating p. 192

Dozer Safety p. 199

Ripping Rock p. 199

Rippers p. 199

Ripper Attachments p. 205

Ripping Production Estimates p. 207

Graders p. 210

General Information p. 210

Grader Operations p. 214

Time Estimates p. 216

Fine Grading Production p. 218

Grader GPS Control p. 218

Grader Safety p. 219

Summary p. 220

Problems p. 220

Resources p. 223

Website Resources p. 223

Chapter 8 Scrapers p. 224

General Information p. 224

Scraper Types p. 225

Scraper Operation p. 230

Scraper Performance Charts p. 231

Scraper Production Cycle p. 234

Scraper Production Estimating Format p. 235

Operational Considerations p. 248

Scraper Safety p. 250

Summary p. 250

Problems p. 251

Resources p. 253

Website Resources p. 254

Chapter 9 Excavators p. 255

Hydraulic Excavators p. 255

Front Shovels p. 259

General Information p. 259

Hoes p. 266

General Information p. 266

Loaders p. 275

General Information p. 275

Draglines and Clamshells p. 285

General Information: Draglines and Clamshells p. 285

Draglines p. 285

Clamshell Excavators p. 291

Ancillary Excavators p. 294

Backhoe-Loaders p. 294

Trench Safety p. 295

Gradalls p. 297

General Information p. 297

Safety p. 298

Summary p. 298

Problems p. 298

Resources p. 301

Website Resources p. 302

Chapter 10 Trucks and Hauling Equipment p. 303

Trucks p. 303

Rigid-Frame Rear-Dump Trucks p. 305

Articulated Rear-Dump Trucks p. 306

Tractors with Bottom-Dump or Side-Dump Trailers p. 307

Capacities of Trucks and Hauling Equipment p. 308

Truck Size Affects Productivity p. 310

Calculating Truck Productivity p. 311

Production Issues p. 318

Tires p. 319

Truck Performance Calculations p. 321

Truck Safety p. 327

Summary p. 328

Problems p. 328

Resources p. 330

Website Resources p. 331

Chapter 11 Drilling Rock and Earth p. 332

Introduction p. 332

Glossary of Drilling Terms p. 334

Drill Bits p. 336

Rock Drills p. 337

Drilling Methods and Production p. 343

Estimating Drilling Production p. 348

Drilling Soil p. 356

Removal of Cuttings p. 358

Trenchless Technology p. 359

Drilling Design and Guidance Systems p. 365

Safety p. 367

Summary p. 368

Problems p. 369

Resources p. 371

Website Resources p. 372

Chapter 12 Blasting Rock p. 373

Blasting p. 373

Glossary of Blasting Terms p. 375

Commercial Explosives p. 376

ANFO p. 380

Primers and Boosters p. 382

Initiating Systems p. 384

Rock Fragmentation p. 386

Blast Design p. 387

Powder Factor p. 400

Trench Rock p. 402

Breakage Control Techniques p. 402

Summary p. 409

Problems p. 409

Resources p. 412

Website Resources p. 413

Chapter 13 Aggregate Production p. 414

Introduction p. 414

Particle Size Reduction p. 416

General Information p. 416

Jaw Crushers p. 419

Gyratory Crushers p. 424

Roll Crushers p. 430

Impact Crushers p. 433

Special Aggregate Processing Units p. 437

Feeders p. 437

Vibration p. 405

Safety p. 407

Surge Piles p. 439

Crushing Equipment Selection p. 441

Separation into Particle Size Ranges p. 443

Scalping Crushed Stone p. 443

Screening Aggregate p. 445

Other Aggregate Processing Issues p. 451

Belts p. 451

Log Washers p. 451

Segregation p. 452

Safety p. 454

Summary p. 455

Problems p. 455

Resources p. 457

Website Resources p. 458

Chapter 14 Asphalt Mix Production and Placement p. 459

Introduction p. 459

Glossary of Asphalt Terms p. 460

Structure of Asphalt Pavements p. 462

Flexible Pavements p. 464

Asphalt Concrete p. 471

Asphalt Plants p. 472

General Operation p. 472

Batch Plants p. 472

Drum Mix Plants p. 479

Dust Collectors p. 482

Asphalt Storage and Heating p. 483

Reclaiming and Recycling p. 484

Paving Equipment p. 486

Sweeper p. 486

Asphalt Distributors p. 487

Haul Trucks p. 490

Asphalt Pavers p. 492

Compaction Equipment p. 499

Safety p. 505

Trimmers p. 506

Summary p. 507

Problems p. 508

Resources p. 510

Website Resources p. 510

Chapter 15 Concrete and Concrete Equipment p. 512

Introduction p. 512

Concrete p. 514

Fresh Concrete p. 514

Batching Concrete Materials p. 515

Mixing Concrete p. 520

Concrete Mixing Techniques p. 520

Ready-Mixed Concrete p. 526

Chutes and Drop Pipes p. 533

Concrete Pumps p. 534

Consolidating and Finishing p. 545

Consolidating Concrete p. 545

Finishing and Curing Concrete p. 547

Concrete Pavements p. 550

Slipform Paving p. 550

Paving Production p. 558

Additional Applications and Considerations p. 560

Placing Concrete in Cold Weather p. 560

Central-Mixed Concrete p. 529

Placing Concrete p. 531

Buckets p. 531

Manual or Motor-Propelled Buggies p. 533

Belt Conveyors p. 533

Safety p. 562

Summary p. 563

Problems p. 564

Resources p. 566

Website Resources p. 567

Chapter 16 Cranes p. 569

Mobile Cranes p. 571

Lattice-Boom Crawler Cranes p. 571

Telescoping-Boom Truck Cranes p. 573

Lattice-Boom Track Cranes p. 574

Rough-Terrain Cranes p. 575

All-Terrain Cranes p. 576

Other Mobile Crane Types p. 577

Placing Concrete in Hot Weather p. 561

Pumping Concrete p. 562

Major Crane Types p. 569

Lifting Capacities of Cranes p. 583

Rated Loads for Lattice- and Telescoping-Boom Cranes p. 585

Working Ranges of Cranes p. 588

Tower Cranes p. 589

Classification p. 589

Operation p. 593

Tower Crane Selection p. 603

Rated Loads for Tower Cranes p. 605

Rigging p. 608

Rigging Basics p. 608

Slings p. 611

Safety p. 613

Crane Accidents p. 613

Safety Plans and Programs p. 615

Zones of Responsibility p. 616

Summary p. 617

Problems p. 618

Resources p. 619

Website Resources p. 621

Chapter 17 Piles and Pile-Driving Equipment p. 622

Introduction p. 622

Glossary of Terms p. 622

Pile Types p. 624

Classifications of Piles p. 624

Timber Piles p. 625

Concrete Piles p. 626

Steel Piles p. 631

Sheet Piles p. 633

Driving Piles p. 636

The Resistance of Piles to Penetration p. 636

Site Investigation and Test Pile Program p. 638

Pile Hammers p. 639

Supporting and Positioning Piles During Driving p. 649

Jetting Piles p. 651

Spudding and Preaugering p. 651

Hammer Selection p. 652

Pile-Driving Safety p. 655

Summary p. 656

Problems p. 656

Resources p. 657

Website Resources p. 657

Chapter 18 Air Compressors and Pumps p. 658

Support Equipment p. 658

Compressed Air p. 659

Introduction p. 659

Glossary of Gas Law Terms p. 660

Gas Laws p. 662

Glossary of Air Compressor Terms p. 663

Air Compressors p. 664

Compressed-Air Distribution System p. 666

Diversity Factor p. 672

Safety p. 673

Equipment for Pumping Water p. 675

Introduction p. 675

Glossary of Pumping Terms p. 675

Classification of Pumps p. 676

Centrifugal Pumps p. 677

Loss of Head Due to Friction in Pipe p. 683

Rubber Hose p. 684

Selecting a Pump p. 685

Wellpoint Systems p. 687

Deep Wells p. 689

Summary p. 690

Problems p. 691

Resources p. 693

Website Resources p. 694

Chapter 19 Planning for Building Construction p. 695

Introduction p. 695

Site Layout p. 698

Delivery of Structural Components p. 704

Steel Erection p. 705

Tilt-Up Construction p. 707

Lifting and Support Equipment p. 709

Cranes p. 709

Aerial Lift Platforms p. 712

Integrated Tool Carriers p. 715

Telescopic Handlers/Forklifts p. 716

Generators p. 718

Portable Light Towers p. 720

Portable Welding Equipment p. 720

Control of Construction Nuisances p. 724

Construction Noise p. 725

Noise Mitigation p. 726

Lighting p. 729

Dust p. 730

Vibration p. 731

Summary p. 731

Problems p. 732

Resources p. 733

Website Resources p. 735

Chapter 20 Forming Systems p. 736

Classification p. 736

Formwork and The Project Engineer p. 738

Formwork Design p. 739

Formwork Economics p. 743

Vertical Systems p. 750

Horizontal Systems p. 762

Combined Vertical and Horizontal Systems p. 766

Shoring Towers p. 770

Safety p. 777

Summary p. 778

Problems p. 779

Resources p. 780

Website Resources p. 781

Appendix A Alphabetical List of Units with Their SI Names and Conversion Factors p. 783

Appendix B Selected English-to-SI Conversion Factors p. 785

Appendix C Selected U.S. Customary (English) Unit Equivalents p. 787

Appendix D Selected Metric Unit Equivalents p. 789

Index p. 791
