

Table of Contents

- Preface p. vii
- About the Author p. xi
- Chapter 1 A Model for Qualitative Research Design p. 1
 - The Organization of This Book p. 18
 - The Exercises in This Book p. 18
 - Notes p. 21
- Chapter 2 Goals: Why Are You Doing This Study? p. 23
 - Notes p. 38
- Chapter 3 Conceptual Framework: What Do You Think Is Going On? p. 39
 - Experiential Knowledge p. 44
 - Prior Theory and Research p. 48
 - Other Uses of Existing Research p. 64
 - Research Questions and Other Kinds of Questions p. 76
 - Research Hypotheses in Qualitative Designs p. 77
 - Variance Questions and Process Questions p. 82
 - Personal, Practical, and Intellectual Goals p. 24
 - What Goals Can Qualitative Research Help You Achieve? p. 29
 - The Value (and Pitfalls) of Research Paradigms p. 41
 - The Uses of Existing Theory p. 49
 - Notes p. 72
 - Concept Maps p. 54
 - Instrumentalist Questions and Realist Questions p. 79
 - Pilot and Exploratory Studies p. 66
 - Thought Experiments p. 68
 - General Questions and Particular Questions p. 78
- Chapter 4 Research Questions: What Do You Want to Understand? p. 73
 - The Functions of Research Questions p. 75
 - Developing Research Questions p. 83
- Chapter 5 Methods: What Will You Actually Do? p. 87
 - More and Less Structured Approaches p. 88
 - Negotiating Research Relationships p. 90
 - Site and Participant Selection p. 96
 - Decisions About Data Collection p. 100
 - The Relationship Between Research Questions and Data Collections Methods p. 100
 - Using Multiple Data Collection Methods p. 102
 - Decisions About Data Analysis p. 104
 - Strategies for Qualitative Data Analysis p. 105
 - Computers and Qualitative Data Analysis p. 115
 - Linking Methods and Questions p. 116
 - Notes p. 120
- Chapter 6 Validity: How Might You Be Wrong? p. 121
 - The Concept of Validity p. 122
 - Two Specific Validity Threats: Bias and Reactivity p. 124
 - Researcher Bias p. 124

- Reactivity p. 124
- Validity Tests: A Checklist p. 125
- Generalization in Qualitative Research p. 136
- Notes p. 138
- Chapter 7 Research Proposals: Presenting and Justifying a Qualitative Study p. 139
 - The Purpose of a Proposal p. 140
 - The Proposal as an Argument p. 141
 - The Relationship Between Your Research Design and Your Proposal Argument p. 142
 - A Model for Proposal Structure p. 142
 - Notes p. 159
- Appendix A A Proposal for a Study of Medical School Teaching p. 161
- Appendix B A Proposal for a Study of Online Learning by Teachers p. 179
- References p. 201
- Index p. 211
