

Table of Contents

Preface p. ix

Acknowledgements p. xi

List of symbols p. xiii

1 A meaningful approach p. 1

1.1 How to use this book p. 1

1.2 Grammar and meaning p. 2

1.3 Meaning potential p. 3

1.4 System networks p. 5

1.5 Language in use p. 6

1.6 The study of texts p. 7

1.7 The notion of rank p. 9

1.8 Functions and metafunctions p. 12

Summary p. 15

Further study p. 15

Exercises p. 16

2 Labels p. 19

2.1 Music, mathematics, medicine and motor-vehicle maintenance p. 19

2.2 A political parable p. 19

2.3 Word classes p. 21

2.4 Subjects p. 30

2.5 Groups p. 32

2.6 Three ways of looking at a clause p. 35

Summary p. 37

Further study p. 37

Exercises p. 38

3 Clause structure p. 41

3.1 Subject revisited p. 41

3.2 Finites and Predicators p. 46

3.3 Complements p. 51

3.4 Adjuncts p. 53

3.5 Sample analysis p. 60

Summary p. 61

Further study p. 61

Exercises p. 62

4 Information structure and thematic structure p. 65

4.1 Organizing ideas p. 65

4.2 Information structure: Given and New information p. 66

4.3 Thematic structure: Theme and Rheme p. 72

4.4 The interaction of information structure and thematic structure p. 80

Summary p. 82

Further study p. 82

Exercises p. 83

5 Grammar and text p. 86

5.1 Text and texture p. 86

5.2 The textual component of the grammar p. 87

5.3 Thematic progression p. 90

5.4 Cohesive ties p. 95

Summary p. 103

Further study p. 103

Exercises p. 105

6 Process and participant p. 108

6.1 Transitivity: the clause as representation p. 108

6.2 Processes p. 110

6.3 Material process p. 112

6.4 Mental process p. 118

6.5 Relational process p. 122

6.6 Verbal process p. 125

6.7 Other processes p. 128

6.8 Grammatical metaphor p. 129

6.9 Circumstance p. 134

Summary p. 135

Further study p. 136

Exercises p. 137

7 Group structure p. 140

7.1 Groups revisited p. 140

7.2 Nominal Groups p. 140

7.3 Verbal groups p. 150

7.4 Other group complexes and phrase complexes p. 156

Summary p. 157

Further study p. 158

Exercises p. 159

8 Embedded clauses p. 162

8.1 Embedded clause as Postmodifier/Qualifier p. 162

8.2 Multiple embedding of clauses p. 170

8.3 Embedded clause as Subject or Complement p. 172

8.4 Postposed clauses p. 174

8.5 Other embedded clauses p. 176

Summary p. 177

Further study p. 178

Exercises p. 178

9 Clause complexes: expansion p. 181

9.1 Ways of combining clauses p. 181

9.2 Paratactic clause relations p. 181

9.3 Hypotactic clause relations p. 184

9.4 More complicated complexes p. 195

Summary p. 197

Further study p. 198

Exercises p. 198

10 Clause complexes: projection p. 202

10.1 Projection p. 202

10.2 Paratactic projection p. 202

10.3 Hypotactic projection p. 204

10.4 Non-finite projection p. 207

10.5 Grammatical metaphor: embedding versus dependency p. 208

10.6 Even more complicated complexes p. 211

10.7 Ambiguous structures p. 216

Summary p. 216

Further study p. 217

Exercises p. 218

11 Applications of Functional analysis p. 222

11.1 Explanations and theories p. 222

11.2 Writing in science and technology p. 223

11.3 Language development and language teaching p. 228

11.4 Language and literature: valued texts p. 233

11.5 Language and power p. 235

11.6 On applications and SFL theory p. 238

Summary p. 239

Further study p. 240

12 Historical perspectives p. 242

12.1 Origins p. 242

12.2 Before the twentieth century p. 242

12.3 De Saussure p. 244

12.4 Linguistics in America p. 246

12.5 Whorf p. 249

12.6 The Prague School p. 252

12.7 Malinowski and Firth p. 252

12.8 Corpus linguistics p. 254

12.9 Some functional alternatives p. 256

12.10 Systemic functional 'grammars' p. 258

Summary p. 259

Further study p. 260

Answer key p. 262

Glossary p. 285
