

Table of Contents

- List of Figures p. xii
- List of Tables p. xv
- Acknowledgments p. xxi
- About the Author p. xxii
- Chapter 1 Introduction p. 3
- Background p. 3
- Equipment Actions p. 11
- Introduction p. 17
- Phase 4 Total Productive Maintenance p. 22
- Preface p. xvii
- Section I Introduction to Equipment Management
- Maintenance Management p. 6
- Equipment Time p. 8
- Equipment Management p. 7
- Key Equipment Terminology p. 8
- Equipment States p. 8
- Phase 2 Preventive Maintenance p. 18
- Equipment Failure Patterns p. 12
- Phase 1 Breakdown Management p. 17
- Equipment Performance Measurements p. 14
- Chapter 2 History of Equipment Management p. 17
- Phase 3 Productive Maintenance p. 20
- Phase 5 TPM with Predictive Maintenance p. 25
- Summary of the Pre-maintenance and Maintenance Phases p. 26
- Chapter 3 Introduction to the Post-Maintenance Era p. 29
- The New Business Environment p. 29
- Operational Changes p. 30
- Equipment Characteristics p. 31
- New Enabling Technologies p. 33
- New Management Concepts p. 35
- The Issues of Maintenance p. 36
- Problems in Objectives p. 37
- Structural Inefficiency p. 38
- Unsuitable for Changing Environment p. 39
- Introduction to Phase 6: Post-Maintenance Era p. 40
- Section II The Maintenance System
- Chapter 4 General Maintenance Concepts and Practices p. 45
- Introduction p. 45
- Preventive Maintenance p. 45
- Preventive Maintenance Schedule p. 47
- Preventive Maintenance Task List p. 50
- Preventive Maintenance Staffing Requirements p. 52
- Preventive Maintenance Equipment/Tool Requirements p. 53
- Preventive Maintenance Materials/Parts Requirements p. 54

- Preventive Maintenance Information System p. 54
- Reliability-Centered Maintenance p. 55
- Predictive Maintenance p. 58
- Maintenance Prevention p. 61
- Total Productive Maintenance p. 63
- Terotechnology p. 65
- Chapter 5 Maintenance Management Logistics p. 67
- Introduction p. 67
- Planning and Budgeting p. 67
- Strategic Planning in Maintenance p. 68
- Headcount Plan p. 70
- Budget Plan p. 75
- Tactical Planning in Maintenance p. 82
- Training and People Development p. 85
- Customer Services and Management p. 92
- Vendor, Supplier, and Contract Management p. 95
- Inventory Management p. 100
- Chapter 6 Maintenance Performance Indicators p. 105
- Introduction p. 105
- Equipment Performance Indicators p. 106
- Safety Indicators p. 106
- Purpose p. 106
- Format and Variation p. 106
- Presentation p. 107
- Availability Indicators p. 107
- Purpose p. 107
- Format and Variation p. 108
- Presentation p. 109
- Reliability Indicators p. 110
- Purpose p. 110
- Format and Variation p. 110
- Presentation p. 112
- Maintainability Indicators p. 113
- Purpose p. 113
- Format and Variation p. 113
- Presentation p. 114
- Utilization Indicators p. 115
- Purpose p. 115
- Format and Variation p. 116
- Presentation p. 117
- Labor Productivity Indicators p. 118
- Purpose p. 118
- Format and Variation p. 118
- Presentation p. 119
- Nonproductive Downtime Indicators p. 119
- Purpose p. 119

- Format and Variation p. 120
- Presentation p. 120
- Customer Satisfaction Indicators p. 121
- Purpose p. 121
- Format and Variation p. 121
- Presentation p. 122
- Operational Misses and Error Rates p. 122
- Purpose p. 122
- Format and Variation p. 122
- Presentation p. 123
- Cost Performance Indicators p. 124
- Cost Rates p. 124
- Purpose p. 124
- Format and Variation p. 124
- Presentation p. 125
- Cost Breakdown by Categories p. 125
- Format and Variation p. 126
- Chapter 7 Computerized Maintenance Management Systems p. 127
- Introduction p. 127
- CMMS Objectives p. 128
- CMMS Functions p. 132
- Equipment Module p. 132
- Work Order Module p. 132
- Preventive Maintenance Module p. 133
- Safety Module p. 134
- Labor Module p. 134
- Inventory Module p. 134
- Financial Module p. 135
- Calendar Module p. 135
- CMMS Features p. 136
- Accessibility and Security p. 136
- Communication and Notification p. 137
- Data Entry and Presentation p. 138
- Integration p. 139
- Flexibility and Customization p. 140
- CMMS Implementation p. 141
- Process Performance Indicators p. 117
- Purpose p. 125
- Presentation p. 126
- Section III The Post-Maintenance Era
- Chapter 8 The Systems View of the Equipment Management
- Process p. 145
- Introduction p. 145
- Environmental Suprasystem p. 147
- Goals and Values Subsystem p. 149
- Structural Subsystem p. 152

- Technical Subsystem p. 154
- Psychosocial Subsystem p. 156
- Introduction p. 163
- Equipment Management Objectives p. 163
- Job-Level Objectives p. 168
- Organizational Structure Changes p. 170
- The Platform Ownership Concept p. 177
- Employee Skill Requirements p. 180
- Computerized Equipment Management Systems p. 185
- Work Environment Changes p. 189
- Management Changes p. 191
- Summarizing the Post-Maintenance Era p. 194
- Chapter 10 Transformation and Implementation p. 199
- Introduction p. 199
- Environmental Studies p. 200
- Managerial Preparedness p. 201
- Goal and Value Changes p. 202
- Psychosocial Changes p. 203
- Technical Changes p. 204
- Structural Changes p. 205
- Glossary p. 209
- References p. 913
- Managerial Subsystem p. 157
- Chapter 9 New Changes in the Post-Maintenance Era p. 163
- Functional-Level Objectives p. 164
- Endnote p. 215
- Index p. 217
