

Table of Contents

- Section I Grain-Properties, Drying & Dryers
 - Psychrometry
 - Theory of Grain Drying
 - Methods of Grain Drying
 - Grain Dryers
 - Selection, Design, Specifications & Testing of Grain Dryers
- Section II Food Grain Storage
 - Parboiling
 - Parboiling of Grain
 - Parboiling of Wheat
 - Milling
 - General Grain Milling Operations
 - Hydrothermal Treatment/Conditioning Of Cereal Grains
 - Rice Milling
 - Milling of Corn, Wheat, Barley, Rye, Oats, Sorghum & Pulses
 - By-Products/Biomass Utilization
 - Rice Bran
 - Utilization of Rice Bran
 - Biomass-Conversion Technologies
 - Post-harvest Management of Fruits & Vegetables
- Section VI
 - Fruits & Vegetables Process Engineering
 - Food Chemistry
 - Food Engineering Operations
