Table of contents provided by Syndetics

- Preface (p. vii)
- **Editor** (p. ix)
- Contributors (p. xi)
- **1 Introduction** (p. 1)
- 2 Biomass Chemistry (p. 7)
- **3 Biomass Resources** (p. 37)
- 4 Biomass Logistics (p. 73)
- 5 Kinetics and Microbiology of Biological Processes (p. 125)
- 6 Anaerobic Digestion for Biogas Production (p. 143)
- 7 Biological Process for Ethanol Production (p. 195)
- 8 Biological Process for Butanol Production (p. 249)
- 9 Chemical Conversion Process for Biodiesel Production (p. 299)
- 10 Thermochemical Conversion of Biomass to Power and Fuels (p. 375)
- **Index** (p. 423)
