

Table of Contents

- 1. Measurement systems
- 2. Instrumentation systems elements
- 3. Instrumentation case studies
- 4. Control Systems
- 5. Process controllers
- 6. Correction elements
- 7. PLC systems
- 8. Systems
- 9. Transfer function
- 10. Systems response
- 11. Frequency response
- 12. Nyquist diagrams
- 13. Controllers

Appendix

A: Errors

B: Differential equations

C: Laplace transform
