

Food Waste 4.0: An Introduction to Contemporary Food Waste Studies

Christian Reynolds, Tammara Soma, Charlotte Spring, Jordon Lazell

Part I Understanding Modern Food Waste Regimes: Historical, Political Economic and Spiritual Dimensions

1. After Market: Capital, Surplus, and the Social Afterlives of Food Waste

David Boarder Giles

2. The Perfect Storm: A History of Food Waste

Andrew F. Smith

3. Food Waste, Religion and Spirituality: Jewish, Christian, and Muslim Approaches

Tanhum Yoreh and Stephen Scharper

4. Interrogating Waste - The Role of Vastogenesis in 21st Century Capitalism

Jon Cloke

Part II Food Waste (and Loss) along the Food Supply Chain and Institutions

5. Produce loss and waste in Agricultural Production

Lisa K. Johnson

6. Food Waste in Processing and Distribution

Martin Gooch and Abdel Felfel

7. Food Waste (and Loss) at the Retail Level

Felicitas Schneider and Mattias Eriksson

8. Household Food Waste

Kate Parizeau

9. Food Waste in the Service Sector: Key concepts, measurement methods and best practices

Kirsi Silvennoinen, Sampsa Nisonen and Oona Pietiläinen

Part III Overview of Regional Food Waste - Research, Policy, and Legal Approaches

10. Food Waste in the United Kingdom and European Union

Stephen Porter

11. Food Loss and Waste Measurement Methods and Estimates for the United States

Jean Buzby and Claudia Fabiano

12. Apprehending Food Waste in Asia: Policies, Practices and Promising Trends

Marlyne Sahakian, Megha Shenoy, Tammara Soma, Atsushi Watanabe, Ra Yagasa, Dickella Gamaralalage Jagath Permakumara, Chen Liu, Abigail Marie Favis and Czarina Saloma

13. Food Waste in South Africa and Saudi Arabia

Suzan Oelofse, Anton Nahman, Ramy Salem Deeb, Abdul-Sattar Nizami, Mirza Barjess Baig and Christian Reynolds

14. Food waste in Australia and New Zealand

Miranda Miroso, David Pearson and Christian Reynolds

15. Estimating total and per capita food waste in Brazilian Households: A Scenario Analysis

Glenio Piran Dal'Magro and Edson Talandini

Part IV Methodologies in Food Waste Studies

16. Food Waste Audits, Surveys and New Technologies

Sally Geislar

17. Moving Beyond the What and How much to the Why? Researching food Waste at the Consumer Level

Laura Moreno, Jordon Lazell, Vicki Mavrakis and Belinda Li

18. Applying Behaviour Change Methods to Food Waste

Sandra Davison, Lisanne van Geffen, Erica van Herpen and Anne Sharp

19. All My Relations: Applying Social Innovation and Indigenous Methodology to Challenge the Paradigm of Food Waste

Tammara Soma, Belinda Li, Adrienne Lickers, Sean Geobey and Rafaella Gutierrez

20. Modelling Approaches to Food Waste: Discrete Event Simulation; Machine Learning; Bayesian networks; Agent Based Simulation; and Mass Balance estimation

Cansu Kandemier, Christian Reynolds, Monika Verma, Matthew Grainger, Gavin Stewart, Simone Righi, Simone Piras, Marco Setti, Matteo Vittuari and Tom Queded

Part V Solutions to Food Waste?

21. Surplus Food Redistribution

Jane Midgley

22. Keeping Unavoidable Food Waste in the Food Chain as Animal Feed

Martin Bowman, Christina O'Sullivan and Karen Luyckx

23. From Dumpster Dives to Disco Vibes: The Shifting Shape of Food Waste Activism

Alex Barnard and Marie Mourad

24. The Effects of Labelling, Packaging and the Eating Environment on Consumer-Generated Food Waste

Monica C. Labarge, Sarah Evans, Beth Vallen and Lauren G. Block

25. Upcycling and valorisation of food waste

Mohamed A. Gedi, Vincenzo di Bari, Roger Ibbett, Randa Darwish, Ogueri Nwaiwu, Zainudin Umar, Deepa Agarwal; Richard Worrall, David Gray and Tim Foster

26. Exploring the Potential of Digital Food Waste Prevention in the Restaurant Industry

Jan Mayer and Jaz Hee-jeong Choi

27. Food Waste Management, treatment and disposal options. A review and future considerations

Daniel Hoornweg, Scott Lougheed, Mark Walker, Ramy Salemdeeb, Tammara Soma and Christian Reynolds

Part VI Debates in Food Waste Studies and Looking Ahead

28. Conduits that bite back: Challenging the 'win-win' solutions of food recalls and redistribution

Scott Lougheed and Charlotte Spring

29. Are You Buying Food Waste? The Roles Technology Can Play in (Re)Designing the Food Retail Experience

Jeremy Farr-Wharton, Timur Osadchiy and Peter Lyle

30. A Brief Overview of Current Food Waste Research: The What, Why, How and Future Directions

Jessica Aschemann-Witzel, Ezra Ho and Tammara Soma

31. Challenging hegemonic conceptions of food waste: critical reflections from a food waste activist

Martin Bowman
