

Table of Contents

1. Deep Learning for Healthcare

C. Deepa and K. Tharageswari

2. Role of AI in Healthcare

Sonia Singla

3. Case Studies: Healthcare and Deep Learning

Ashish Tripathi, Arun Kumar Singh, K. K. Mishra, Pushpa Choudhary, and Prem Chand Vashist

4. Assistive Devices and IoT in Healthcare Functions

Abhineet Anand, Sai Prasad Mishra, and Subrata Sahana

5. Impact of IoT on Healthcare-Assistive Devices

R. Indrakumari, Rishabh Kumar Srivastava, Subba, and Manavalan

6. Smart Fall Detection Systems for Elderly Care

Pratik Bhattacharjee and Suparna Biswas

7. Smart Sensors Transform Healthcare System

Amrita Rai, Shylaja Vinaykumar Karatangi, Reshu Agarwal, and Om Prakash

8. Healthcare Applications of the Internet of Things (IoT)

Ritam Dutta, Subhadip Chowdhury, and Ahmed A Elngar

9. Mobile-App-Enabled System for Healthcare

Vikram Sandhu and Harleen Kaur

10. Energy-Efficient Network Design for Healthcare Services

Amit Sehgal, T. L. Singal, Rajeev Agrawal, and Sweta Sneha

11. Applying Data Mining to Detect the Mental State and Small Muscle Movements for Individuals with Autism Spectrum Disorder (ASD)

Rashbir Singh, Prateek Singh, and Latika Kharb
