

- Select 1 - The textile supply chain and its environmental impact
[1 - The textile supply chain and its environmental impact](#)
Pages 1-31
- Select 2 - Ways of measuring the environmental impact of textile processing: an overview
[2 - Ways of measuring the environmental impact of textile processing: an overview](#)
Pages 32-56
- Select 3 - Textile processing and greenhouse gas emissions: methods for calculating the product carbon footprint (PCF) of textile products
[3 - Textile processing and greenhouse gas emissions: methods for calculating the product carbon footprint \(PCF\) of textile products](#)
Pages 57-77
- Select 4 - Calculating the water and energy footprints of textile products

[4 - Calculating the water and energy footprints of textile products](#)
Pages 78-94
- Select 5 - Textile processing and resource depletion: calculating the ecological footprint of textile products
[5 - Textile processing and resource depletion: calculating the ecological footprint of textile products](#)
Pages 95-104
- Select 6 - Estimating the overall environmental impact of textile processing: life cycle assessment (LCA) of textile products
[6 - Estimating the overall environmental impact of textile processing: life cycle assessment \(LCA\) of textile products](#)
Pages 105-131
- Select 7 - Life cycle assessment (LCA) and product carbon footprint (PCF) modelling of textile products
[7 - Life cycle assessment \(LCA\) and product carbon footprint \(PCF\) modelling of textile products](#)
Pages 132-143
- Select 8 - End-of-life management of textile products

[8 - End-of-life management of textile products](#)
Pages 144-162
- Select 9 - Measuring the environmental impact of textiles in practice: calculating the product carbon footprint (PCF) and life cycle assessment (LCA) of particular textile products
[9 - Measuring the environmental impact of textiles in practice: calculating the product carbon footprint \(PCF\) and life cycle assessment \(LCA\) of particular textile products](#)
Pages 163-179
- Select 10 - Assessing the environmental impact of textiles: summary and conclusions
[10 - Assessing the environmental impact of textiles: summary and conclusions](#)
Pages 180-186

- Select Index
[Index](#)
Pages 187-194
